# NORTHEAST FURS

---

Dear Valued Client and Friend,

As you know by now, we have closed our store.

As promised, we have been considering how to ensure our existing clients are serviced going forward, and it is our pleasure to announce we have decided that Lanzi Furs of Johnston, RI will take over our business. Their Salon provides every service including Sales, Cold Storage, Cleaning, Glazing, Repairs and Remodels.

The new ownership has an outstanding reputation, many years of experience, and comes with our highest recommendation. We are confident that they will uphold the same quality fur care you have become accustomed to over the years.

We personally know the owners of Lanzi Furs, who have been in business since 1963, and they are looking forward to beginning a relationship with all our customers. As an added comfort and to ensure confidence, Bob Habershaw of Northeast Furs will be part of the transition. He will stay on to make sure the transition is smooth and will assist with the service end of the business.

We would like to send our sincere thanks and gratitude for all your years of loyalty and patronage. We will miss all of you and wish you the best!!

Sincerely,

Northeast Furs
